Primary teachers training college, office – St. Gandhi residential school, Sekhepura Patna-14, is one of the units of Buddha Siksha Sewa Sansthan duly registered in 1988-1989. Buddha, latter lord Buddha created history in 6th century BC by his sermons over love, affection, friendship, renunciation, peace etc. He obtained devine light in Bihar. His sermons and preaching are so effective that about half of the world's population accepted 'Buddhism'. Unfortunately Bihar is falling apart on the name of cast, creed and religion. Bihar's fortune has reached nadir, the lowest point. In this background a well-knit management established "Buddha Siksha Sewa Sansthan" to bring about development and improvement in education in a peaceful atmosphere. Management ventures to state that several units of the Sansthan are doing excellent work. The new venture is the establishment of primary teachers training College, Patna under the canopy of love, affection and friendship and peace and Technical guidance of N.C.T.E. The college shall hit the butt and attain excellence in respect of the teaching-learning process.
